Environmental Policy Statement

1. General Statement

BSL is a professional and environmentally conscious company in the manufacturing sector, recognizing the potential environmental impact of our operations.

2. Aims and Objectives

The organization is fully committed to:

- Protecting the environment.
- Determining and complying with legal obligations.
- Continuously improving our environmental impacts to enhance performance through objectives, targets, and Management Review.
- Ensuring compliance with Indutrade Code of Conduct, legal and other obligations.
- Correcting non-conformities promptly.
- Allocating adequate resources to achieve environmental goals.
- Preventing pollution, reducing waste, and implementing measures to protect natural habitats wherever practical.
- Considering the impact of our operations on the local community.
- Taking action to minimize adverse environmental impacts identified in the aspects register.
- Promoting environmental awareness among suppliers, contractors, and partners through operational procedures.
- Conducting internal audits and pursuing continual improvement.
- Ensuring directors and management are fully engaged in managing environmental issues.
- Partnering with the community in a considerate and socially responsible manner.
- Ensuring effective and prompt incident control, investigation, and reporting.
- Assessing and, where practicable, reducing the environmental impact of the company's products and services.

Directors, management, and supervisory staff are responsible for implementing this policy and must ensure environmental issues are considered in planning and daily supervision. All employees and subcontractors are expected to cooperate and assist in implementing this policy, ensuring their work is carried out without risk to themselves, others, or the environment. This includes cooperating with management on any environment-related matter. The Directors have overall responsibility and accountability for environmental matters.
